R. Beckam...1.00 to No. 39. Vol. 5.  
Rev. J. Baker...1.00 to date.  
J. Hanes...50 to date.

The subscribers to the True  
American and the rest of mankind, residing  
in, and out of Steubenville, will please take  
notice and prepare themselves accordingly, that our  
Carrier has with great pains and much labor, mental  
and physical, brought into existence a New  
Year's Address of the very first order;  
and that he will, Providence permitting,  
make a polite bow to those within his  
reach on New Year's day; hoping that it  
will be reciprocated by their kindly  
handing him any amount from a dime to  
a dollar, "and for this your humble ser-  
vant will ever pray."

**Clinton Paper Mill.**  
This valuable building, owned by T.  
Hanna & Sons, and located in the north  
part of our city, was burned on the 4th  
of May 1858; was re-built and re-started  
on the 4th day of Nov. 1858, six months  
from the time it was burned.

It has now one half more capacity than  
it formerly had. The machinery is of  
the latest and most approved kind, con-  
sisting of 3 double flue boilers 28 feet  
long, 42 inches in diameter, one Steam  
Engine 22 inch cylinder and 42 ft. stroke.  
Six rag engines carrying each 350 lbs. of  
rags.

One 72 inch Fourdrier machine driven  
by a Steam engine 8 inches in diameter  
and 24 ft. stroke, two Rag cutters. One  
patent duster and one rotary duster, one  
rotary boiler which has no equal and is  
the strongest piece of work that Pitts-  
burgh can produce, made by Robinson  
Minis and Miller, being six feet in diame-  
ter and 28 feet long made of half inch  
wrought iron, with wrought iron heads  
and double riveted, will boil at one boil-  
ing about 3500 lbs of rags. The mill  
will make in suitable sizes about 4000 lbs  
per day.

The well is 65 feet deep, 10 feet in  
diameter, and supplies the mill with an  
abundance of fine clear water, say 400  
gallons per minute.

The size of the main building is 175  
x 70 feet, and is one story high, with  
level roof—the walls being brick—to  
which is attached the boiler and engine  
house. The machinery is on one floor,  
driven by steam pipes.

On Saturday night, last, we had the  
exquisite pleasure of partaking of the  
hospitalities of these gentlemen, in the  
way of an oyster supper, at which we  
displayed our usual amount of "talent,"  
and witnessed a general good time.  
The tables were spread in the main body  
of the building, and presented a most im-  
posing appearance. All hands partook  
with a fine zest. It is a good practice to  
invite all the editors of the city to a festi-  
val upon the completion of any noble  
enterprise. Keep it up fellow citizens.

Our citizens were favored last  
week with a visit from Professors Fowler  
& Wells, of New York. These literary  
Gentlemen arrived in this place on Mon-  
day evening, and remained until Friday.  
Mr. F. delivered a course of lectures on  
the science of Phrenology, to the great  
delight and edification of large and high-  
ly interested assemblies. Phrenology is  
a branch of study which has not, hitherto,  
been thoroughly investigated by even the  
literati of our city; and hence many of  
the developments which were made by  
the learned lecturer, were both new and  
highly interesting. We had long enter-  
tained strong doubts in relation to the  
truth of this branch of study, but the ar-  
guments and facts presented by Mr. F.  
were such as to caution us against  
judging rashly, and condemning a subject  
which we had never thoroughly investi-  
gated. This week Mr. F. is delivering a  
course of lectures in the city of Wheel-  
ing, where we hope he is meeting with  
encouragement equal to his superior tal-  
ents, and to the merits of his subject.

Rev. H. G. Comingo will preach  
in Kilgore Hall on next Sabbath at 2 1/2  
o'clock P. M. Subject, signs of the times.

## Public School Concert.

On Friday and Saturday night of last  
week our citizens were entertained with  
a concert of musical music.  
The Kilgore Hall was crowded uncomfortably  
full, both evenings, and a deep interest  
was manifested by our citizens in the  
prosperity of our public schools. The  
pupils acquitted themselves to the entire  
satisfaction of the audience, and to the  
great credit of their teachers. A propo-  
sition was submitted to the audience, by  
John H. Miller Esq. viz; that vocal mu-  
sic hereafter be taught, as a branch of  
study in our public schools. The propo-  
sition was favorably received.

We have no doubt of the utility of  
such an arrangement. While it would  
operate as a relief to the minds of the  
pupils from the more laborious studies, it  
would at the same time contribute to their  
improvement in a most interesting branch  
of learning.

## Writing and Drawing Examination.

On Monday at two o'clock P. M., the  
examination of the writing and draw-  
ing of the young ladies and gentlemen,  
of the school of Miss Kelly came off.—  
The judges were Rev. H. G. Comingo,  
E. T. Tappan Esq. and the editor of this  
paper. The result of this examination  
was highly creditable to both teacher and  
pupils. After a careful inspection of all  
the specimens presented, the judges de-  
cided that the drawing of Miss Alice Kil-  
gore was superior to any presented in  
fine shading. Miss H. Saunders 1st pre-  
mium for improvement in writing, and  
Mr. D. Blackburn 2nd premium.

Miss Kelly authorizes us to say that  
she will open another school on Monday  
next in Halsted's Building, corner of 5th  
and Market Streets, and we take great  
pleasure in recommending her to the fa-  
vor of all who desire their children to  
excel in the branches taught by this lady.

MARRIED.—On Tuesday, the 28th inst.,  
by the Rev. H. G. Comingo, at the resi-  
dence of the bride's father, Rev. J. E.  
ALEXANDER, Principal of Miller Academy,  
Washington, Guernsey County, Ohio,  
and Miss K. M. eldest daughter of  
D. Potter, Esq., of Steubenville township, this  
county.

## CITY ORDINANCES.

[PUBLISHED BY AUTHORITY.]

AN ORDINANCE to secure the City of  
Steubenville against fire.

[Continued.]

SECTION XII. It shall be the further  
duty of the fire wardens, acting together as  
pointed out in the seventh section of this  
ordinance, in their inspection and exami-  
nation of the houses and tenements in the  
month of June, in each year, to determine  
the number of fire-buckets for each dwell-  
ing house, store house, shop and factory  
in the city; which number shall in no case  
be less than one more than six, and shall  
be fixed in reference to the size of the  
building. And such fire buckets shall be  
strongly made of good jacketed leather, and  
shall be of sufficient capacity to contain  
three gallons. Every bucket shall be dis-  
tinctly marked with the name of the owner  
and the number of the lot on which the  
building to which it belongs is situated; and  
it shall be the duty of the occupant of  
such building to keep the bucket or buckets  
in such a place in the building as to be  
easily and readily procured in case of fire.  
No bucket shall be used except at fire, or  
for some purpose connected with the exting-  
uishment thereof. And when a fire shall  
be suppressed, the buckets shall be collect-  
ed together, arranged and distributed to  
their proper owners, under the direction  
and superintendence of one or more of the  
fire wardens.

Sec. XIII. Any person hereafter re-  
quired to furnish any new bucket or buckets  
for the supply of a building, shall be exoner-  
ated therefrom by paying to the city treas-  
urer the sum of two dollars in lieu of  
every bucket he or she may be required to  
furnish; and the treasurer shall enter all  
monies so received in a separate ac-  
count, and the same shall be exclusively  
used and appropriated for the purchase of  
hose, or for other purposes connected with  
the security of the city against fire.

Sec. XIV. If any fire bucket shall be  
taken to a fire, and shall there be lost or  
destroyed, the owner thereof, on making it  
appear to the satisfaction of the council  
that such bucket was lettered and number-  
ed as required by this ordinance, and that  
the same was lost or destroyed without any  
fault or negligence of such owner, and that  
he made diligent search therefor within a  
reasonable time, he shall be allowed a rea-  
sonable compensation therefor, to be paid  
out of the treasury of the city.

Sec. XV. That the council shall annually,  
on the second Monday in March, or as  
soon thereafter as may be convenient,  
appoint three persons, one of whom shall  
be known and designated as First Director,  
one as Second Director, and one as Third  
Director, whose duty it shall be, on the  
breaking out of any fire, to repair immedi-  
ately thereto and aid in the suppression  
thereof; and if the person designated as  
first director shall be present at any fire,  
he shall have the entire control and direc-  
tion of the measures intended for its sup-  
pression; if the first director is absent,  
such control and direction shall devolve on  
the second director; if the second director  
is absent, then upon the third director.—  
And the director present on whom the com-  
mand shall devolve as aforesaid, shall have  
power, and it is hereby made his duty,  
to direct the position and the mode of op-  
eration of the engines and hose; and when  
necessary to the more speedy suppression of  
a fire, or to prevent the spread thereof, or  
to enable the engine or hose companies to  
act with greater efficiency, he may direct  
any building, fence or other fixture or im-  
provement to be taken down and removed.  
He shall also, when necessary, order the  
formation of lines to ensure the necessary  
supply of water, and direct the removal of  
personal property, and take suitable mea-  
sures for its protection and security; and  
he shall have power as is hereby author-  
ized to do and perform such other acts as  
his judgment may be necessary for the  
prompt and speedy extinguishment of a  
fire; and for this purpose may command  
and compel such assistance as may be nec-  
essary; Provided, however, that the com-  
ment of two directors shall be deemed nec-  
essary to justify the taking down of any  
building not actually on fire, and if there is  
but one director present, the consent of one  
of the commandants of the fire companies

shall be procured to the taking down of  
such building; and if no director be pres-  
ent, such order may be made by the con-  
currence of two of the commandants of fire  
companies.

Sec. XVI. It shall be the further duty  
of the first director, and he is hereby re-  
quired to keep the fire engines, hose, hose  
carriages, hooks and ladders, hook and ladder  
carriages, and all parts of the apparatus  
pertaining to the Fire Department, and  
owned by the city, in complete and full re-  
pair, and in good working and serviceable  
order, at the expense of the city; and he  
shall report monthly to the council, the  
condition of said engines and other fire ap-  
paratus, and an account of the expenditures  
made by him or by his order, suggesting  
from time to time such alterations and im-  
provements as he may deem necessary;  
and for services he shall receive such com-  
pensation, to be paid out of the city treas-  
ury, on the allowance and order of the  
city council, as said council may direct.

Sec. XVII. That the Reliance Engine  
and Hose Company, and the Phoenix En-  
gine and Hose Company, and such other  
companies as may hereafter be formed, and  
accepted by the city council, shall constitute  
in part the Fire Department of the  
City, with the power conferred on each of  
forming a constitution and enacting by-  
laws for their own government, but to com-  
pel the attendance of members by the im-  
position of such penalties as each com-  
pany may think proper—provided said con-  
stitution and by-laws shall be consistent  
with the ordinances of the city and the laws  
and constitutions of this State and the United  
States, and all fines and penalties in-  
curred by any fireman for the violation of  
any of the by-laws of this company, may be  
recovered by prosecution before the  
mayor, and all fines and penalties so re-  
covered, shall be paid to the treasurer of  
the company in which the forfeiture was  
made, or fine, or penalty inflicted, for the  
benefit of the said company. Provided that  
nothing contained in this ordinance shall be  
construed as interfering with or annulling  
the present organization of either of  
said companies, and provided further, that  
any rules, by-laws or regulations of either  
of said companies, consistent with this  
ordinance, and the same are hereby de-  
clared valid and obligatory, and all  
penalties and forfeitures incurred there-  
under shall be collected and paid as herein  
provided.

Sec. XIX. That when any of the afore-  
said companies shall be disbanded, or when  
new companies shall become necessary,  
volunteers may offer, by enrolling them-  
selves into a company, choosing a captain,  
lieutenant, two pipemen or engineers, and  
reporting their names to the city council  
for acceptance, their number being limited  
by the city council, but from the consid-  
eration that practice and long experience  
approach towards perfection, it is consid-  
ered inexpedient to make annual or frequent  
changes in the members of the fire depart-  
ment, but that they should hold their ap-  
pointments during the pleasure of the city  
council: Provided, however, that all com-  
panies belonging to the fire depart-  
ment, and each individual composing those  
companies, shall be subject to the control  
of the city council, and whole companies  
or individuals shall be liable to be disbanded,  
or for any improper conduct, or when the  
public may require a change, and suc-  
cessors appointed.

Sec. XX. That it shall be the duty of the  
firemen, at every alarm of fire, to repair  
immediately to their respective engines and  
hose and convey them to or near the place  
where such fire may happen, and there,  
in conformity to the directions of their  
captains and pipemen, and with all their  
respective engines and hose with all their  
fire and power for the extinguishment of  
the fire; and when the fire is extinguished,  
they shall return their respective engines  
and hose, with all the implements and ap-  
paratus belonging thereto, well washed  
and cleaned, to their several places of de-  
posit. And the engine companies shall at  
least once in every month, under the direc-  
tion and order of the captain, draw out their  
engines and hose, and wash, cleanse and  
exercise the same. And all firemen creat-  
ing any disturbance, or who violate any  
former ordinance, shall enjoy all the priv-  
ileges thereof so long as they continue to per-  
form the duties required of them and no  
longer.

Sec. XXI. The council shall appoint  
annually, on the second Monday of March,  
or as soon thereafter as may be convenient,  
not exceeding four persons as Line Men,  
whose duty it shall be, on the breaking out  
of a fire, to repair thereto with their bad-  
ges and aid in the suppression thereof; and  
when it becomes necessary to fire lines to  
secure a special supply of water, it shall be  
the special duty, under the direction  
of the director or other officer who may be  
in command, to superintend the formation  
thereof, and to see that the persons consti-  
tuting the same are prompt and efficient in  
the discharge of their duties. And it shall  
be the duty of the council at the same time  
and in like manner, to appoint eight or  
more persons as Ladder Men, who shall  
take charge of the ladders belonging to the  
city, and keep them safely in proper places  
for their use, and in case of fire they shall  
repair thereto, with the necessary ladders,  
and direct the management of the same,  
and the continuance of the fire. And it  
shall be the duty of the council at the same  
time and in like manner, to appoint eight or  
more persons as Hook Men, who shall take  
charge of, and safely keep the Fire Hooks  
belonging to the city, and in cases of fire  
repair thereto, with the necessary hooks,  
and direct the management of the same.—  
And such ladder men and hook men shall  
have power, and it is hereby made their  
duty, to call to their aid any number of citizens  
necessary for that purpose, to assist in trans-  
porting the ladders and hooks to and from  
any fire.

Sec. XXII. Repealed by section 37.

Sec. XXIII. The Directors shall give no-  
tice of the time of parade; and any person  
refusing to turn out or obey any orders of his  
superior officers, or who is absent from  
parade, shall be fined in any sum not exceed-  
ing five dollars, at the discretion of the mayor.  
And any company refusing to turn out may  
be disbanded by council, and their apparatus  
taken from them; and the members thereof  
shall forfeit all the privileges and exemptions  
of firemen.

Sec. XXIV. Any Independent Fire Com-  
pany now in existence, or which may hereafter  
be formed, and the officers and members  
thereof, present at any fire, or on the way  
to any fire, shall be subject to the control  
and direction of the city council, and during  
such procession, of the director or directors  
in command, to the same extent as the other  
companies, or the individual members thereof.  
Sec. XXV. It shall be the duty of every  
citizen or other person present at a fire, when  
called upon by the officer in command, to aid  
and assist in the suppression thereof; and  
for this purpose they shall be subject to the  
order and direction of such officer. And if  
any person so called upon, shall refuse to aid  
in suppressing the same, or shall refuse to  
obey the proper officer or officers; or shall  
engage in any riotous or improper conduct;  
or shall wantonly waste or destroy any prop-  
erty; or shall improperly assume any  
authority, he shall be subject to a fine,  
on conviction thereof before the mayor, not  
exceeding fifty dollars, and the costs of pro-  
secution.

Sec. XXVI. That it shall be the duty  
of the secretary of each fire company aforesaid,  
to deliver to the clerk of the city council, on  
or before the 15th day of April, in every year,  
a correct alphabetical list of the names of the

acting members of their respective companies  
at that time; a certified copy of each list  
shall be furnished by the city clerk, within five  
days after he receives it, to each of the super-  
visors of highways for the township of Steu-  
benville, which shall be received by the super-  
visers, and such members only whose names  
appear on said lists, shall be exempted from  
the performance of labor on the highways,  
for the year for which said lists bear date, in  
accordance with the provisions of "an act to  
encourage the organization of Fire Companies  
within the cities of Cincinnati and Steuben-  
ville, and to repeal former acts," passed Feb-  
ruary 14, 1846.

Sec. XXVII. That any person or persons  
who shall injure any of the fire engines be-  
longing to or in the public use of the city, or  
any of the apparatus thereto belonging, or  
any of the houses in which they may be placed,  
or cut or injure any hose, or shall place  
any obstruction in the way so as to hinder  
in any manner the free access to the en-  
gines, or hook and ladder carriage, or hose  
carriage, at all times, or shall injure or remove  
any of the fire-hooks or ladders from their  
proper places, or shall be guilty of any other  
act, for the purpose of extinguishing the fire,  
or by order of the proper officer, for the  
purpose of washing, cleansing, exercising,  
repairing, or otherwise using a purpose, shall  
be liable in any sum not exceeding fifty dol-  
lars, on conviction thereof before the mayor,  
with costs, or shall be imprisoned in the jail  
of the county of Jefferson, and be fed on bread  
and water only, not exceeding twenty days,  
or be kept at hard labor on the streets,  
and the labor of the whole day, for not more  
than thirty days; or be fined and imprisoned  
as aforesaid, or be fined and kept at hard labor  
as aforesaid, at the discretion of the mayor.

Sec. XXVIII. That if any person shall  
injure any of the fire engines, or in any other  
building used by the fire department, or any  
company thereof in said city, except for com-  
pany meetings, and in case of actual alarm  
of fire, every person so offending shall be  
liable on conviction thereof before the mayor,  
to be imprisoned in the jail of the county of  
Jefferson, and be fed on bread and water only,  
not exceeding twenty days; or be kept at hard  
labor on the streets, and the labor of the whole  
day, for not more than thirty days; or be  
fined and imprisoned as aforesaid, or be fined  
and kept at hard labor as aforesaid, at the  
discretion of the mayor.

Sec. XXIX. The badges of office shall be  
as follows:—for the Director who may be in  
command at any fire, a suitable trumpet, and  
a badge of office, which shall be a white bat,  
with the proper inscription inscribed thereon;  
for each Line Man, a long staff, painted  
black, except one foot at the end, which  
shall be white, with a white scarf on their  
bats, with a suitable inscription; and for  
each Hook and Ladder Man, a similar  
scarf, with the proper inscription.

Sec. XXX. It shall be the duty of the  
mayor, from time to time, and whenever it  
shall be necessary, to procure the proper  
equipment for the fire department of the  
city; and each officer, to whom such badge  
shall be delivered, shall carefully pre-  
serve the same, and shall deliver the same to  
his successor in office.

Sec. XXXI. If any of the before named  
officers shall neglect any of his duties, or  
shall be guilty of any offense, he shall be  
liable, on conviction thereof before the mayor,  
to pay a fine not exceeding five dollars and  
the costs.

Sec. XXXII. If any officer, upon whom  
shall devolve any duty, contrary to the sup-  
pression of fires, and the protection of the  
city against fire, shall neglect or refuse to  
perform any duty required of him, or shall be  
guilty of any malfeasance, in the performance  
of his duty, he shall be liable, on conviction  
thereof before the mayor, to be imprisoned  
in the jail of the county of Jefferson, and be  
fed on bread and water only, not exceeding  
twenty days; or be kept at hard labor on the  
streets, and the labor of the whole day, for  
not more than thirty days; or be fined and  
imprisoned as aforesaid, or be fined and kept  
at hard labor as aforesaid, at the discretion of  
the mayor.

Sec. XXXIII. On the breaking out of any  
fire, it shall be the duty of the fire marshal  
to repair thereto; and the marshal, aided  
by the marshal, shall preserve the peace, dis-  
perse collections of idle, disorderly and  
suspicious persons, suppress all riots and  
tumults, and take proper measures for the  
protection and preservation of the property  
of the city, and the persons of the citizens,  
and the property of the city, and the persons  
of the citizens, and the property of the city,  
and the persons of the citizens, and the prop-  
erty of the city, and the persons of the citi-  
zens, and the property of the city, and the  
persons of the citizens, and the property of  
the city, and the persons of the citizens, and  
the property of the city, and the persons of  
the citizens, and the property of the city, and  
the persons of the citizens, and the property  
of the city, and the persons of the citizens,  
and the property of the city, and the persons  
of the citizens, and the property of the city,  
and the persons of the citizens, and the prop-  
erty of the city, and the persons of the citi-  
zens, and the property of the city, and the  
persons of the citizens, and the property of  
the city, and the persons of the citizens, and  
the property of the city, and the persons of  
the citizens, and the property of the city, and  
the persons of the citizens, and the property  
of the city, and the persons of the citizens,  
and the property of the city, and the persons  
of the citizens, and the property of the city,  
and the persons of the citizens, and the prop-  
erty of the city, and the persons of the citi-  
zens, and the property of the city, and the  
persons of the citizens, and the property of  
the city, and the persons of the citizens, and  
the property of the city, and the persons of  
the citizens, and the property of the city, and  
the persons of the citizens, and the property  
of the city, and the persons of the citizens,  
and the property of the city, and the persons  
of the citizens, and the property of the city,  
and the persons of the citizens, and the prop-  
erty of the city, and the persons of the citi-  
zens, and the property of the city, and the  
persons of the citizens, and the property of  
the city, and the persons of the citizens, and
